

RUTH C. MANNEBACH

Senior Environmental Scientist

Background

Ruth Mannebach has over 20 years of professional experience and is a Senior Environmental Scientist. Her experience includes Asbestos and LBP Management, Environmental Site Assessments (ESAs), Indoor Air Quality, Regulatory Compliance, Remediation Services, and Tank and Container Management.

Ruth has extensive experience conducting environmental assessments and environmental impact statements, regulatory program development and training, Phase I and II ESAs, and underground storage tank investigations. She is also experienced in performing asbestos and lead-based paint evaluations and developing abatement guidelines as well as industrial hygiene monitoring, indoor air quality investigations, and performing environmental health and safety audits. Ruth also has extensive experience in landfill monitoring and assessment and in conducting wetland delineations and permitting.

Certifications/Registrations

Asbestos Inspector

Missouri, Illinois, Kentucky, North Carolina, South Carolina

Missouri, Illinois

Asbestos Project Designer

Missouri, North Carolina

Air Sampling Professional

Illinois

Air Sampling Technician

Missouri

Lead Inspector/Risk Assessor

Missouri, Illinois

OSHA 40-Hour HAZWOPER Training

Education

McNeese State University

B.S., Environmental Science

Professional Affiliations

American Society of Safety Engineers

Indoor Air Quality Association

Expertise

Asbestos & LBP Mgt.

- Building/Facility Inspections
- Operations/Maintenance Programs
- Design & Specifications
- Project Management
- Air Monitoring Surveillance

ESAs

- Phase I & Phase II ESAs

Indoor Air Quality

- Building/Facility Investigations
- Monitoring and Analysis
- Management Plans
- Remediation Services

Regulatory Compliance

- Facility Audits
- Environmental Notebooks
- Plans and Reports
- OSHA/MSHA Compliance

Remediation Services

- Emergency Response
- Subsurface Investigations
- Corrective Action Plans
- Remedial Activities
- Groundwater Sampling

Tank and Container Management

- UST and AST Services
- Storage Tank Cleaning
- Container Management
