

# NICOLAUS P. NEUMANN, P.E., R.G., BCEE

## *Principal*

### Background

Nic Neumann, Principal and CEO of NPN Environmental Engineers, Inc. is a board certified environmental engineer through the American Academy of Environmental Engineers and has over 35 years experience in environmental engineering administration and project management. For 13 years, Mr. Neumann acquired extensive industry fieldwork experience as an environmental engineer and later as manager of environmental quality control. He then put his extensive industry knowledge to use in management capacities such as VP of Emergency Response, VP of Operations and as principal with a large St. Louis-based consulting firm.

Early 1993, Nic founded NPN Environmental Engineers, Inc. and utilizes his extensive working knowledge and experience as the supervising professional engineer for projects in air quality management, asbestos and LBP management, environmental site assessments, indoor air quality, and water quality management.

### Certifications/Registrations

#### Registered Professional Engineer

*Missouri, Illinois, Indiana, New Mexico, North Dakota, Ohio, Texas, Utah*

#### Registered Geologist

*Missouri, Illinois, Indiana*

#### Board Certified Environmental Engineer

*American Academy of Environmental Engineers*

#### Air Sampling Professional

*Missouri, Illinois*

#### Asbestos Project Designer, Management Planner, Inspector

*Missouri, Illinois*

### Education

#### University of Missouri-Rolla

*B.S., Geological Engineering*

*M.S., Geological Engineering/Environmental Engineering*

*Professional Degree, Geological Engineering*

### Professional Affiliations

**American Academy of Environmental Engineers**

**American Institute of Professional Geologists**

**Missouri Society of Professional Engineers**

**National Society of Professional Engineers**

### Expertise

#### Air Quality Management

- Permits and Compliance
- Source Testing
- Emission Inventories
- Dispersion Modeling

#### Asbestos & LBP Mgt.

- Building/Facility Inspections
- Operations/Maintenance Programs
- Design & Specifications
- Project Management
- Air Monitoring Surveillance

#### ESAs

- Phase I & Phase II ESAs

#### Indoor Air Quality

- Building/Facility Investigations
- Monitoring and Analysis
- Management Plans
- Remediation Services

#### Water Quality Management

- Discharge Permits and Compliance
- Outfall Sampling
- Process Evaluations
- Treatment Plant Operation and Maintenance
